

PRECISION
INSTALLATIONS INC

Employment Opportunity

Job Title: Product Installation Technician

Precision Installations, Inc. is seeking **four** Product Installation Technicians to join our growing team. Our company installs various products in a wide variety of vehicles. These installations include 2-way radios and intercom systems for a very large fire truck manufacturer as well as surrounding area Fire Departments and Police Agencies; lighting, audio, utility boxes and much more in commercial vans and trucks; and many other various services that meet our clients desired specifications.

Requirements:

- A valid driver's license and clean record is required
- Self-starter, who takes pride in performing quality workmanship
- Ability to meet and follow timelines provided by Manager
- Ability to work as a team and individually, with minimal supervision
- Strong communication and customer service skills
- Minimum High School Diploma
- Working with tools and experience in installation and a manufacturing environment is preferred.
- Must be willing to travel occasionally based on project specifications

This position is full-time, first shift with full benefits (medical, dental, vision, 401K) and vacation available following 60 day probationary period (amount based on date of probationary period conclusion). On the job training and tools are provided. Precision Installations, Inc. companies are rapidly growing, apply today for this great opportunity!

Precision Installations is an equal opportunity employer. All employment is decided on the basis of qualifications, merit and business need.
