

Employment Opportunity

Job Title: Wire Harness Technician

Precision Installations, Inc. is seeking skilled candidates to join our growing team as a Wire Harness Technician. As a wire harness manufacturer, our niche is customizing single to low quantity wire harnesses with a short lead time. Our expert technicians can take a client's original drawings and produce a wire harness to our customer's exact specifications. We are looking for motivated, reliable individuals who have a willingness to learn, and a keen eye for detail.

Requirements:

- Self-starter, who takes pride in performing quality workmanship
- Ability to meet and follow timelines provided by Manager
- Ability to work as a team and individually, with minimal supervision
- Strong communication and customer service skills
- Minimum High School Diploma
- Working with tools and experience in installation and a manufacturing environment is preferred.
- Electrical and Wire Harness manufacturing experience is a plus.

This position is full-time, first shift with full benefits (medical, dental, vision, 401K) and paid vacation available following 60 day probationary period. On the job training and tools are provided. Precision Installations, Inc. companies are rapidly growing, apply today for this great opportunity!

Precision Installations is an equal opportunity employer. All employment is decided on the basis of qualifications, merit and business need.
