

## Employment Opportunity

**Job Title:** Firetruck Communication Installer

### About us

Precision Installations installs various products in a wide variety of vehicles, in addition to Wire Harness Manufacturing. Installations include 2-way radios and intercom systems for a very large fire truck manufacturer, as well as surrounding area Fire Departments and Police Agencies; lighting, audio, utility boxes and much more in commercial vans and trucks; and many other various specialty services. Founded in 1996, we have a long history of providing quality products and services to our clients.

### Job Description

Precision Installations, Inc. is seeking a Firetruck Communication Installer to join our growing team. Installations include 2-way radios and intercom systems for a very large fire truck manufacturer, as well as surrounding area Fire Departments and Police Agencies; lighting, audio, utility boxes and much more in commercial vans and trucks; and many other various services that meet our client's desired specifications. This position works specifically in the firetruck sector installing headsets, radios, intercoms and various electronics.

### Requirements:
